

THE JACOB AND HILDA BLAUSTEIN FUND FOR THE ENRICHMENT OF JEWISH EDUCATION

Guidelines & Eligibility

Guidelines

- Priority will be given to projects that focus on informal Jewish education.
- Support will be provided for programs that are innovative and enriching for your organization.
- Priority will be directed to projects for children over the age of 13, college students, or families with school-age children.
- Support will be given to new, promising programs for one year with the opportunity to reapply the following year. Repeat funding for any project is contingent upon the receipt of an evaluation of the program up to that point.
- Scholarships for travel to Israel will be considered only for trips that advance professional development.
- Support will only be considered for increased hours for existing personnel or the cost of new hires for the particular project. The Blaustein Fund will not support existing personnel costs.
- Projects that include matching funds provided by the sponsoring organization and demonstrate an organization's ability to sustain the program beyond the grant year will be viewed favorably.
- Programs that are collaborative among different organizations are encouraged.
- In special circumstances, consideration will be given for organizations to submit more than one proposal.
