INDEPENDENT AUDITORS' REPORT

Board of Directors
Associated Jewish Charities of Baltimore
Baltimore, Maryland

We have audited the accompanying special-purpose financial statements of Jewish Community Investment Fund (JCIF) (Associated Jewish Charities of Baltimore, Trustee), which comprise the special-purpose statements of assets, liabilities, and net assets as of June 30, 2020 and 2019, and the related special-purpose statements of changes in net assets for the year then ended, the special-purpose schedules of investments as of June 30, 2020 and 2019, and the related notes to the special-purpose financial statements (collectively, the financial statements).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of JCIF as of June 30, 2020, and the related changes in net assets for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of Presentation and Emphasis of Matter

As described in Note 1 to the special-purpose financial statements, the accompanying special-purpose financial statements were prepared for the purpose of presenting the assets, net assets, and changes in net assets of the JCIF and the Consolidated Investment Fund (CIF) of AJCB, and are not intended to be solely a presentation of the JCIF. Our opinion is not modified with respect to this matter.

Other Matters

We have audited the combined financial statements of The Associated: Jewish Community Federation of Baltimore, Inc., Associated Jewish Charities of Baltimore and Jewish Community Investment Fund (collectively referred to as The Associated) as of and for the year ended June 30, 2020.

The 2019 special-purpose financial statements of Jewish Community Investment Fund were audited by other auditors whose report dated November 25, 2019, expressed an unmodified opinion on those statements.

Restriction on Use

This report is intended solely for the information and use of The Associated Jewish Charities of Baltimore, The Associated: Jewish Community Federation of Baltimore, Inc., its investors, creditors, custodians and advisors; including, but not limited to, Bank of America, N.A., Branch Banking & Trust and Wilmington Trust.

NOTE 1 NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Jewish Community Investment Fund (JCIF) holds substantially all the endowment assets of the AJCB, The Associated: Jewish Community Federation of Baltimore, Inc. and its constituent agencies (collectively referred to as The Associated) and endowment assets of other nonprofit organizations which share a similar mission.

On October 24, 2013, the AJCB created the JCIF, a Maryland business trust, with the AJCB named as sole trustee. The purpose of the JCIF was to replace the Consolidated Investment Fund (CIF) as the investment fund of the AJCB. The transfer of assets began in March 2014 and continued through June 30, 2015. As of June 30, 2020 and 2019, the schedules include the assets of the JCIF and CIF. As of June 30, 2020 and 2019, 51 and 41 accounts, respectively, (totaling \$525,511,652 and \$530,901,838, respectively) had been transferred to the JCIF. As of June 30, 2020 and 2019, one account amounting to \$84,624,349 and \$86,425,184, respectively, had not been transferred to the JCIF.

Unrestricted funds are endowment funds gifted to The Associated which are not restricted for use or time by the donor. Distributions from these funds are limited by the board of directors to 5% of the average fund balance of the prior 12 quarters as determined each December 31 for the subsequent fiscal year.

Annual Campaign Endowment (ACE) funds are endowment funds gifted to The Associated which are earmarked for the unrestricted Annual Campaign. Distributions from these funds are limited to 5% of the average fund balance of the prior 12 quarters as determined each June 30 for the subsequent fiscal year.

The designated services for constituent agencies and program services are endowment funds gifted to The Associated which are designated for a field of interest (i.e., to help the elderly), an agency or program. Distributions from these funds are limited to 5% of the average fund balance of the prior 12 quarters as determined each December 31 for the subsequent fiscal year. This excludes endowment funds gifted to The Associated which are designated for capital improvements.

Supporting foundations of The Associated are separate legal entities controlled by The Associated and formed to support The Associated. Distributions from these funds are determined by the board of directors of the respective foundation.

The Associated's Donor Advised Fund program assets are owned by The Associated, but donors retain the privilege to recommend charitable distributions from the fund to The Associated or other public charities for charitable purposes.

Assets owned by constituent agencies are funds gifted directly to one of the agencies of The Associated and invested in the JCIF. Distributions from these funds are determined by the respective agency's board of directors.

Other foundations are separate legal entities and include private foundations. Distributions from these funds are determined by the board of directors of the respective foundation.

(CONTINUED)**

Nature of Activities (Continued)

The Baltimore Jewish Eldercare Foundation and the Baltimore Jewish Health Foundation, Inc. are community funds for the benefit of Sinai Hospital and Levindale Hebrew Geriatric Center. Distributions from these funds are limited to 5% of the average fund balance of the prior 12 quarters as determined each December 31 for the subsequent fiscal year.

Funds of other nonprofit organizations belong to other organizations that have contracted with AJCB to manage these assets in the JCIF. Distributions from these funds are directed by the respective organizations' boards of directors.

A summary of JCIF's significant accounting policies follows:

Basis of Presentation

The schedules have been prepared solely for the purpose of presenting the assets, net assets and changes in net assets of the JCIF and CIF. The schedules of assets, liabilities and net assets, schedules of investments and schedules of changes in net assets include the assets, liabilities net assets, revenue, expenses, contributions, and withdrawals directly attributable to the performance of the JCIF and CIF. JCIF did not present statements of cash flows for the years ended June 30, 2020 and 2019. Presentation of such statements is not required by special-purpose frameworks.

Investments

Purchases and sales of investments, and their related income and expenses, are recorded on the trade-date basis. Investments, other than limited partnership interests and mutual funds, are under custodial agreements with Wilmington Trust (previously known as M&T Trust Company). Professional investment managers have full discretionary authority over the purchase and sale of investments within guidelines established by the Investment Management Committees of the AJCB. Gains and losses on sales of investments and income earned on investments are allocated monthly to each investor based on the individual investor's share of net assets. Investments are stated at fair value as described in Note 2.

The JCIF held interests in 46 and 42 limited partnerships at June 30, 2020 and 2019, respectively. The majority of the limited partnerships are audited at December 31 of each year, with others audited at June 30 of each year. For the limited partnerships audited at December 31, interim valuations are prepared at June 30 of each year. The Investment Management Committee of AJCB regularly reviews the progress and valuation of these interests. Certain of these investments include an inherently higher degree of risk than others. The limited partnerships are not readily marketable and are recorded at fair value based on the net asset value (NAV) as reported by the underlying portfolio managers in accordance with the "practical expedient" methodology permitted under Generally Accepted Accounting Principles (U.S. GAAP).

**NOTE 1 NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Investment Risk

The JCIF invests in a professionally managed portfolio that contains common shares and bonds of publicly-traded companies, U.S. government obligations, mutual funds, private equity funds, hedge funds, limited partnerships, and money market funds. Such investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term would materially affect investment balances and the amounts reported in the schedules.

Market risk arises primarily from changes in the fair value of financial instruments. Theoretically, the JCIF's exposure is equal to the value of the investments purchased. Exposure to market risk is influenced by a number of factors, including the relationship between financial instruments, and the volatility and liquidity in the markets in which the financial instruments are traded. The JCIF attempts to control its exposure to market risk through various analytical monitoring techniques.

Credit Risk

All of the JCIF's depository operations are provided by one broker. In the event this counterparty does not fulfill its obligations, the JCIF may be exposed to risk. This risk of default depends on the creditworthiness of the counterparty. The JCIF attempts to minimize this credit risk by monitoring the creditworthiness of the clearing broker.

Administrative Expenses

Expenses and fees are recognized in accordance with the accrual basis of accounting. Fees are charged to each sub-fund based on the fee arrangement agreed to by the parties.

Capital Transactions

The right to redeem capital is based on the management agreement between the parties but generally redemptions are on demand up to a certain percent of the assets under management each year. The AJCB reserves the right to hold back up to 25% of any large redemptions from the JCIF for up to a year. All assets contributed into the JCIF shall be pooled for investment purposes and invested at the sole discretion of the JCIF.

Interest and Dividend Income

Interest is recognized in accordance with the accrual basis of accounting. Dividend income arising from securities transactions are recorded based upon the ex-dividend date.

Use of Estimates

The preparation of these special-purpose financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the schedules, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The special-purpose financial statements include investments whose values have been estimated by their general partners in the absence of readily ascertainable market values. Because of the inherent uncertainty of valuation, these estimated values may differ significantly from the values that would have been used had a ready market for the investments existed, and it is reasonably possible that the differences could be material.

Income Taxes

The JCIF taxable income or loss is reported by the beneficiaries of the JCIF individually and, accordingly, no income taxes have been provided for in the special-purpose financial statements of the JCIF. The JCIF files tax returns, separate from AJCB, as prescribed by the tax laws of the jurisdictions in which it operates. In the normal course of business, the JCIF is subject to examination by federal, state, and local jurisdictions, where applicable. The JCIF has reviewed the tax positions for the open tax period through June 30, 2020, and has determined that no provision for income tax or reserve for uncertain income tax positions is required for the JCIF's special-purpose financial statements. Generally, the JCIF is no longer subject to income tax examinations by the U.S. federal, state, or local authorities for years before 2017.

Subsequent Events

The JCIF has evaluated subsequent events for potential recognition and/or disclosure through March 8, 2021, the date the special-purpose financial statements were available to be issued.

Reclassifications

Certain reclassifications of amounts previously reported have been made to the accompanying financial statements to maintain consistency between periods presented. The reclassifications had no impact on previously reported net assets.

**JEWISH COMMUNITY INVESTMENT FUND
(ASSOCIATED JEWISH CHARITIES OF BALTIMORE, TRUSTEE)
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019**

NOTE 2 FAIR VALUE MEASUREMENTS

The JCIF follows the Financial Accounting Standards Board (FASB) authoritative guidance regarding accounting for fair value measurements. The guidance defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and sets out a fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Inputs are broadly defined under the guidance as assumptions that market participants would use in pricing an asset or liability.

The three levels of the fair value hierarchy under the guidance are described below:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Listed equities and holdings in mutual funds are the types of investments included in Level 1. Investments in securities traded on a national securities exchange, or reported on the NASDAQ national market, are stated at the last reported sales price on the day of valuation.

Level 2 – Inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly; Level 2 includes the use of models or other valuation methodologies. Investments which are generally included in this category include corporate loans, less liquid, restricted equity securities and certain corporate bonds, government obligations, and over-the-counter derivatives. A significant adjustment to a Level 2 input could result in a reclassification to a Level 3 measurement.

Level 3 – Inputs are unobservable for the asset or liability and include situations where there is little, if any, market activity for the asset or liability. The inputs into the determination of fair value are based upon the best information in the circumstances and may require significant management judgment or estimation.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The JCIF's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgement and considers factors specific to the investment.

NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019**

NOTE 2 FAIR VALUE MEASUREMENTS (CONTINUED)

The JCIF invests in certain entities for which the fair value measurement is assessed using NAV per share, or its equivalents. Information pertaining to these investments at June 30, 2020 and 2019, is as follows:

| | 2020 | | | |
|--|-----------------------|----------------------|----------------------|---------------------------|
| | Fair Value | Unfunded Commitments | Redemption Frequency | Redemptions Notice Period |
| Multistrategy Hedge Funds (a) | \$ 116,155,868 | \$ - | Monthly - Quarterly | 30 - 90 Days |
| Equity Long/Short Funds (b) | 114,742,082 | - | Monthly - Quarterly | 30 - 60 Days |
| Global Opportunity Funds (c) | 183,711,498 | - | Monthly - Quarterly | 6 - 45 Days |
| Venture Capital and Private Equity Funds (d) | 72,332,966 | 36,299,909 | None | N/A |
| Total | <u>\$ 486,942,414</u> | <u>\$ 36,299,909</u> | | |

| | 2019 | | | |
|--|-----------------------|----------------------|----------------------|---------------------------|
| | Fair Value | Unfunded Commitments | Redemption Frequency | Redemptions Notice Period |
| Multistrategy Hedge Funds (a) | \$ 118,251,276 | \$ 7,500,000 | Monthly - Annually | 30 - 90 Days |
| Equity Long/Short Funds (b) | 142,791,191 | - | Monthly - Quarterly | 30 - 60 Days |
| Global Opportunity Funds (c) | 179,083,197 | - | Monthly - Annually | 10 - 45 Days |
| Venture Capital and Private Equity Funds (d) | 42,835,115 | 29,164,998 | None | N/A |
| Total | <u>\$ 482,960,779</u> | <u>\$ 36,664,998</u> | | |

- (a) This category includes funds that employ hedging strategies to diversify risk and reduce volatility and may invest in various equity and bond securities to profit from economic, political and government-driven events. The investment objective is to invest in a diversified portfolio in order to achieve above-average returns while seeking to minimize risk. The fair value of the investments in this category has been estimated using the NAV per share of the investments.
- (b) This category includes an investment in a fund that invests both long and short in various domestic and international common stock and commodities futures contracts. Management of the fund has the ability to shift from value to growth strategies, from small to large capitalization stocks, and from a net short position to a net long position. The investment objective is to invest in a diversified portfolio in order to achieve above-average returns while seeking to minimize risk. The fair value of the investments in this category has been estimated using the NAV per share of the investments.
- (c) This category includes investments in managers that hold the majority of the funds' investments in global common stock, debt instruments and diversified currencies. The investment objective is to invest in a diversified global portfolio in order to achieve above-average returns while seeking to minimize risk. The fair value of the investments in this category has been estimated using the NAV per share of the investments.

**JEWISH COMMUNITY INVESTMENT FUND
(ASSOCIATED JEWISH CHARITIES OF BALTIMORE, TRUSTEE)
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019**

NOTE 2 FAIR VALUE MEASUREMENTS (CONTINUED)

(d) This category includes private equity and venture capital funds. These investments can never be redeemed from the underlying funds. Instead, the nature of the investments in this category is that distributions are received through the liquidation of the underlying assets of the fund. The investment objective is to invest in a diversified portfolio in order to achieve above-average returns in an asset class that is uncorrelated to the equity markets. As of June 30, 2020, it is probable that the investments in this category will be liquidated at an amount different from the NAV of the JCIF's ownership interest in partners' capital. The JCIF uses the NAV of the underlying partnership investments as reported by the respective partnership investment managers. It is estimated that the majority of the underlying assets of the funds would be liquidated over five to eight years.

NOTE 3 FINANCIAL HIGHLIGHTS

Certain financial highlights are presented below, including investment gain or loss to average net assets, expenses to average net assets, and total return. Total return is calculated based on the change in value during the period of a theoretical investment made at the beginning of the period. Operating performance highlights for the JCIF for the years ended June 30, 2020 and 2019, were as follows:

| | <u>2020</u> | <u>2019</u> |
|---|-------------|-------------|
| Total Return | 3.21 % | 2.00 % |
| Expenses to Average Net Assets | (0.62)% | (0.64)% |
| Net Investment Income and Expenses to Average Net Assets | 0.48 % | 0.38 % |

These financial highlights are for the JCIF and the returns and ratios may differ between organizations based on different fee arrangements and the timing of capital transactions. In addition, these financial highlights may not be indicative of future performance.

The JCIF pays management fees to investment managers based on style or program, which across the entire portfolio amount to approximately nine basis points on an annualized basis. These fees are netted with the income earned from the investments and are included in the calculation of total return above.
