

THE JACOB AND HILDA BLAUSTEIN FUND FOR THE ENRICHMENT OF JEWISH EDUCATION

Guidelines & Eligibility

Guidelines

- Funding will be given to projects that focus on informal Jewish education.
- Support will be provided for programs that are innovative and enriching for your organization.
- While funds may be used for all age groups, priority will be directed to projects for children over the age of 13, college students, or families with school-age children.
- Support will be given to new, promising programs for one year with the opportunity to reapply the following year. Repeat funding for any project is contingent upon the receipt of an evaluation of the program up to that point.
- Projects that include matching funds provided by the sponsoring organization and demonstrate an organization's ability to sustain the program beyond the grant year will be viewed favorably.
- Programs that are collaborative among different organizations are encouraged.
- If you are partnering with another organization, special consideration will be given for organizations to submit more than one proposal. Contact Lauren Klein to discuss.
- Scholarships for travel to Israel will be considered only for trips that advance professional development to enhance an informal Jewish education project.
